

Spectacular Immune Support

Extraordinary Aloe/Clay-Based Cleansing for the Whole Body

AloeDetox™

A Quantaceutical™ Dietary Supplement

Key Benefits

- Provides gentle cleansing for the whole body
- The Aloe arborescens species is known to promote highly **effective immune support**
- Promotes great general health and well-being
- All nutrients delivered in their most natural form, raw and unheated, to maintain their inherent nutritional properties.
- Pure, sunlight-grown Aloe arborescens (whole leaf) without added water or questionable preservatives.
- Fresh water bentonite clay with unique detoxifying properties
- Excellent for daily use for outstanding digestive properties or as a refreshing nutritious drink when mixed with water, juice or naturally carbonated spring water.

Whole leaf Aloe arborescens/clay formula and unheated raw honey

“In this era of ever increasing environmental stress, there comes a magnificent answer - aloe arborescens, the ultimate in **superior immune support**.

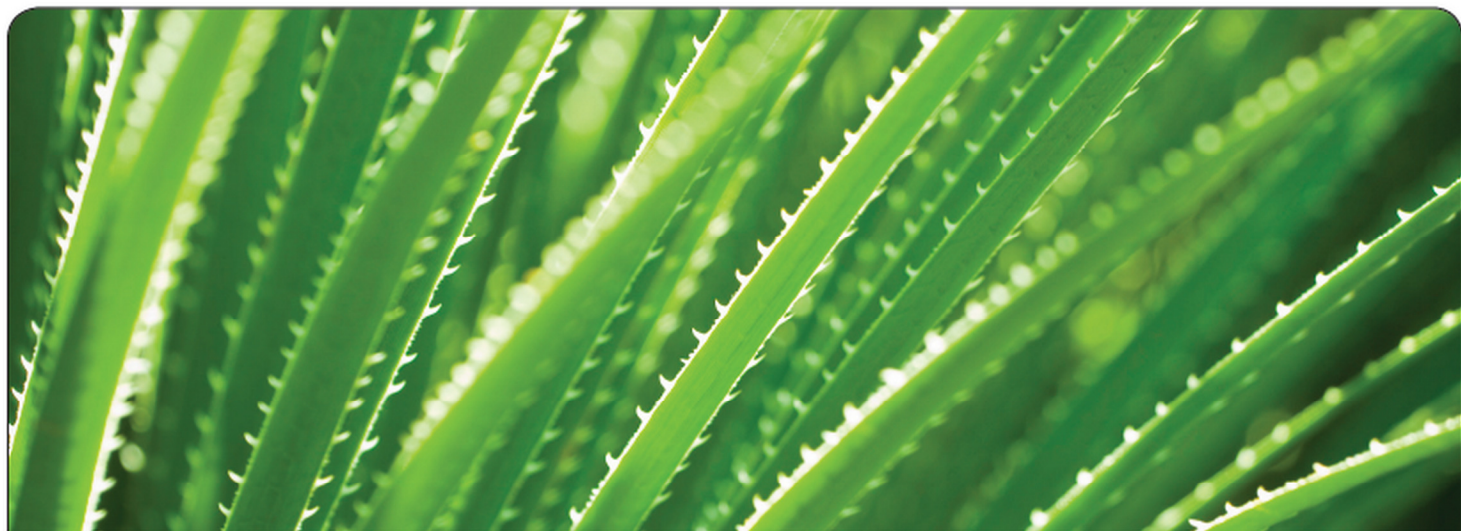

We can recommend this formula to literally everyone for great success.”

The Reference Point

(510) 498-8730

Two powerful ingredients in ONE formula without undesirable preservatives

Welcome to Premier Research Labs and our tradition of nutritional innovation!

We formulated AloeDetox™ to feature the amazing plant, Aloe arborescens, now known worldwide for its specific immune benefits. Now you can experience the ultra-rare quality of our world-class, Aloe arborescens, grown in a lush region of South America, in full sunlight out in nature, then harvested by hand by local gatherers. This quality can never be compared to greenhouse-grown aloe.

Now we have added an exclusive patent-pending calcium bentonite for its powerful detoxification

properties. This unique detoxification formula is then anchored with just the right amount of our exquisite, raw, unheated honey that is locally sourced from beekeepers we personally know in addition to a small amount of organic alcohol for the product's perfect preservation.

We hope you enjoy the quality of this fine product which exceeds our strict high quality standards, both in terms of scientific lab testing and 4-polarity bioenergetic testing.

Raw (Unheated) Wildflower Honey	6 mL †

*Percent Daily Values are based on a 2000 calorie diet.
†Daily Value Not Established

Other Ingredients: Organic Alcohol, Sodium Lactate, Potassium Sorbate

Recommended Use. As a dietary supplement, take one tablespoon (15 mL) in 8 oz. water, juice or naturally carbonated spring water or as directed by your healthcare practitioner. Best taken before meals or on an empty stomach.

Our Quality One Guarantee: 100% botanical origin, safety and peak efficacy validated by standard microbiological testing and HPCS (High Performance Crystal Spectroscopy) testing. No magnesium stearate (an undesirable excipient), corn, milk, soy, salt, sugar, wheat, yeast, artificial colors or flavors. Gluten-Free.

Ideal Cellular Resonance

The human cell has a crystalline matrix, which means it has an ideal resonant frequency. We believe that only nutrients from "once living" sources can best sustain the ideal resonant frequency of your body's cells.

Premier Quality Nutrients Without the Risk

- No magnesium stearate, an undesirable oil that can suppress the immune system
- No animal glandulars with toxic tag-alongs and unwanted animal hormones
- No tablets with toxic tag-along binders and fillers
- No excipients - Excipients are highly questionable (often problematic) fillers and binders which are commonly added to nutritional products

The Premier Nutrition Effect

When premier quality nutrients (exquisitely well grown, free of toxic tag-alongs) are combined together, their effect can be far greater than the sum of their individual benefits: The Premier Nutrition Effect. A **quantaceutical™** is a nutraceutical supplement that tests on to all four biofield polarities, thus delivering the Premier Nutrition Effect to support optimal health.
