

Premier B Vitamins

Live-Source B Vitamins - An Industry First!
In probiotic-generated, end-chain forms

**Unparalleled Digestion,
Blood and Energy Support**

Welcome to the world's first live-source, probiotic-generated B vitamins! Now you can get individual B vitamins in their premier, end-chain forms – **not the typical B vitamins so commonly available that are from cheap, coal tar derivatives.** No, we're not kidding!

B vitamins are critically important for so many bodily functions - optimal energy, digestion, nervous system, mood and much more. Now you can get the preferred vitamin B end-chain forms which are immediately ready for use by the cell.

We think you'll love the clean, smooth effects of real, live-source B vitamins in all their active, coenzyme forms.

The Reference Point

(510) 498-8730

B1-ND™

Dietary Supplement

*Probiotic-Derived Formula
Featuring ND Technology™*

*A Rich, Live Source of Vitamin B1
with End-Chain Forms*

B1-ND™ is a probiotic-cultured, rich, live source of vitamin B1 with end-chain forms of B1. Vitamin B1 is essential for carbohydrate and lipid metabolism and is required for the bio-manufacture of ATP, the body's cellular source of energy.

1/2 Teaspoon Contains:

Thiamine (B1) 214 mg
as Thiamine (60 mg), Thiamine Phosphate (68 mg), Thiamine Diphosphate (Cocarcboxylate; 86 mg)

Proprietary Blend 2.5 mL
Bifidobacterium Species (*breve* ss. *breve*, *infantis* ss. *infantis*, *longum*), Enterococcus Species (*faecalis* TH10), Lactobacillus Species (*brevis*, *acidophilus*, *bulgaricus*, *casei* ss. *casei*, *fermentum*, *helveticus* ss. *jagurti*, *plantarum*), *Streptococcus thermophilus*

Other Ingredients: Purified Water, Organic Alcohol (certified by OTCO)

Recommended Use: Take 1/2 teaspoon mixed in 4 oz of water daily. Shake gently before use.

Code: 2341 (2 fl oz) Amber glass bottle with dropper dispenser

B2-ND™

Dietary Supplement

*Probiotic-Derived Formula
Featuring ND Technology™*

*A Rich, Live Source of Vitamin B2
with End-Chain Forms*

B2-ND™ is a rich, live source of vitamin B2 in the preferred probiotic-cultured, end-chain, water-soluble forms of B2 to meet all the body's needs. This formula supports energy levels, mood well being and aids in carbohydrate digestion.

1/4 Teaspoon Contains:

Riboflavin (Vitamin B2) 110 mg
as Riboflavin Mononucleotide (FMN; 20 mg), Riboflavin Dinucleotide (FAD; 42 mg), Riboflavin 5-Phosphate (48 mg)

Proprietary Blend 1.25 mL
Bifidobacterium Species (*breve* ss. *breve*, *infantis* ss. *infantis*, *longum*), Enterococcus Species (*faecalis* TH10), Lactobacillus Species (*brevis*, *acidophilus*, *bulgaricus*, *casei* ss. *casei*, *fermentum*, *helveticus* ss. *jagurti*, *plantarum*), *Streptococcus thermophilus*

Other Ingredients: Purified Water, Organic Alcohol (certified by OTCO)

Recommended Use: Take 1/4 teaspoon mixed in 4 oz of water daily. Shake gently before use.

Code: 2340 (2 fl oz) Amber glass bottle with dropper dispenser

B6-ND™

Dietary Supplement

*Probiotic-Derived Formula
Featuring ND Technology™*

*A Rich, Live Source of Vitamin B6
with End-Chain Forms*

B6-ND™ is a rich, live source of vitamin B6 in the preferred probiotic-cultured, end-chain, water and fat soluble forms of vitamin B6 to meet all the body's needs. Vitamin B6 is essential for many phases of amino acid metabolism, lipid metabolism and neurotransmitter synthesis.

1/4 Teaspoon Contains:

Vitamin B6 10 mg
as Pyridoxal-5'-Phosphate (4 mg), Pyridoxal (3 mg), Pyridoxamine (2 mg), Pyridoxine (.6 mg), Pyridoxal-3',5'-diphosphate (.3 mg), Pyridoxal-3'-phosphate (.2 mg)

Proprietary Blend 1.2 mL
Bifidobacterium Species (*breve* ss. *breve*, *infantis* ss. *infantis*, *longum*), Enterococcus Species (*faecalis* TH10), Lactobacillus Species (*brevis*, *acidophilus*, *bulgaricus*, *casei* ss. *casei*, *fermentum*, *helveticus* ss. *jagurti*, *plantarum*), *Streptococcus thermophilus*

Other Ingredients: Purified Water, Organic Alcohol (certified by OTCO)

Recommended Use: Take 1/4 teaspoon mixed in 4 oz of water daily. Shake gently before use.

Code: 2360 (2 fl oz) Amber glass bottle with dropper dispenser

B12-ND™

Dietary Supplement

*Probiotic-Derived Concentrate
Featuring ND Technology™*

*A Rich, Live Source of Vitamin B12
Premier Nerve and Blood Support*

B12-ND™ is a rich, live source of vitamin B12 in the preferred probiotic-cultured forms. Vitamin B12 supports nervous system health as well as the formation of blood, fatty acids and nucleic acids. Great support for vegetarians.

1/4 Teaspoon Contains:

Vitamin B12 119 mcg
(Methylcobalamin, Hydroxycobalamin, Deoxycobalamin)

Proprietary Blend 1.25 mL
Bifidobacterium Species (*breve* ss. *breve*, *infantis* ss. *infantis*, *longum*), Enterococcus Species (*faecalis* TH10), Lactobacillus Species (*brevis*, *acidophilus*, *bulgaricus*, *casei* ss. *casei*, *fermentum*, *helveticus* ss. *jagurti*, *plantarum*), *Streptococcus thermophilus*

Other Ingredients: Purified Water, Organic Alcohol (certified by OTCO)

Recommended Use: Take 1/4 teaspoon mixed in 4 oz of water daily. Shake gently before use.

Code: 2338 (2 fl oz) Amber glass bottle with dropper dispenser

More B Vitamin Products

- **Max B-ND™**
Live-source, multi-B vitamin formula with 10 vitamin B sources
- **Folic Acid-ND™**
A rich, live source of folic acid in the preferred end-chain forms
- **Premier Nutritional Flakes**
A delicious super food, rich in B vitamins and beta 1, 3 glucans

ND Technology™ (Nanized Delivery)

A "probiotic-derived" preparation contains a premier quality nutritional formula that has been micro-digested into extremely small, bioavailable particles using our proprietary fermentation process via unique multi-strain, probiotic colonies.

This allows rapid cellular delivery and 4-polarity dynamics of our multi-nutritional formula, unlike any other product. Many people say they feel the effect *the very first time* they take it.

Probiotic-derived preparations really demonstrate the power of the old saying, "It's not what you take, but what you absorb that makes the difference."

Why use certified organic alcohol?

Certified organic alcohol is nature's perfect preservative. Its properties function as a perfect transporter of our super-nutrient formula into the blood to deliver almost immediate uptake, unparalleled by ordinary means.

Only the Best. We use only certified organic alcohol (*pesticides and heavy metals not detected*) in our probiotic-derived products. (We recommend avoiding tinctures made with conventional alcohol because typically they may contain undesirable pesticides or heavy metal residues.)

Want to avoid alcohol? In a typical dose (1/2 teaspoon) of a probiotic-derived liquid, you receive about 1/90 of an ounce of alcohol. For those who want to avoid alcohol but still get the full benefits of the preparation, simply place a dose of the preparation (usually 1/2 teaspoon) in a cup and add 1/2 cup of very hot water. Wait for 5 or 10 minutes for the alcohol to gas off. (Alcohol boils at 172° F [or 78.5° C] and will gas off at temperatures below boiling.)

These products have been manufactured in an NSF-GMP registered facility. The prestigious NSF symbol signifies that our manufacturing plant has met rigorous NSF quality assurance standards.
