

Premier Blood Support

*Premier Nutrition Formulas with Blood-Nourishing Nutrients
for Superior Clinical Outcomes*

Unparalleled Blood Support

We routinely recommend **live-source forms** of blood-nourishing nutrients for superior clinical outcomes. For comprehensive blood support and red cell formation, we always recommend natural-source nutrients such as live-source vitamin B12, folic acid, iron and more – *rather than synthetic forms*. Live-source iron, as found in ErythroPro®, is a real nutritional winner - *and does not contain ferrous fumarate or any other non-live-source iron*.

We firmly believe that premier quality, live-source nutrition will become **the highest gold standard** in healthcare in the very near future. Experience the future now!

ErythroPro®

Dietary Supplement

Premier Blood Support Formula
Featuring Live-Source Iron

ErythroPro® is a premier quality blood support formula featuring live-source iron (beet and rice bran-derived), not inorganic iron (such as ferrous fumarate). It offers two important key blends: Iron Elite™ and Blood Advantage™ for optimal support.

Each Vegetable Capsule Contains:

Iron Elite™ 388 mg
Stabilized Rice Bran, Red Beet (root) (*Beta vul.*), Reishi (fruiting body extract) (*Ganoderma luc.*), Bilberry (fruit) (*Vaccinium myr.*)

Blood Advantage™ 142 mg
Kelp (*Laminaria dig.*), Sea Wrack (whole) (*Ascophyllum nod.*), Barley (grass) (*Hordeum vulg.*), Irish Moss (*Chondrus crisp.*), Tomato Concentrate (min 1% lycopene), Aloe Vera (inner leaf) (*Aloe barb.*), Blue Green Algae (whole) (*Aphanizomenon flos-aquae*), Noni (fruit) (*Morinda citrifolia*), Amylase, Maltase, Apple Cider Vinegar, Protease, Plant-Source Pepsin, Lipase, Lactase, Invertase, Cellulase

Yielding

Iron (live-source) 475 mcg

Other Ingredients: Vegetable Cellulose Capsule

Recommended Use. Take 1 capsule, 3 times daily. For special programs recommended by your practitioner, up to 12 individual servings may be taken daily (1 serving = 1 capsule).

Code: 2184 (60 caps/bottle)

Anti-Homocysteine Support

Dietary Supplement

Amino Dipeptides

Premier Blood, Heart, Nerve
and Healthy Homocysteine Support

This formula features four key nutrients in addition to the botanical herb, hyssop, and the lipid-based phosphatidyl groups (phosphatidylcholine, phosphatidylserine, phosphatidylethanolamine and phosphatidylinositol).

First, folic acid is supplied in the preferred form of folic acid to help maintain homocysteine levels already within the normal range. A second key nutrient, betaine HCL (hydrochloric acid), supplies methyl groups for cardiovascular support and also promotes heart health, anti-aging and digestion. If older, it is also recommended to use Premier HCL (one capsule after each meal daily) to boost methyl donor support.

A third key nutrient, dibenzoyl, is a fully reacted coenzyme of vitamin B12. It supports healthy blood levels of vitamin B12, helps maintain homocysteine levels already within the normal range, and supports heart and nerve health. Lastly, vitamin B6 (p-5-p) is supplied in the superior pyridoxal-5-phosphate form of B6 which is far more bioavailable than cheap, ordinary B6 (pyridoxine hydrochloride). It helps break protein into amino acids.

Each Vegetable Capsule Contains:

Vitamin B6 (p-5-p) 13 mg
Folic Acid (calcium folinate) 900 mcg
Vitamin B12 (dibenzoyl; coenzyme of vitamin B12) 25 mcg
Betaine HCL (hydrochloric acid) 550 mg
Hyssop (folia) (*Hyssopus officinalis*) 5 mg
Phosphatidylserine 3 mg
Phosphatidylcholine 2 mg
Phosphatidylethanolamine 2 mg
Phosphatidylinositol 1 mg

Other Ingredients: Vegetable Cellulose Capsule

Contains soy derivative

Recommended Use. Take 1 capsule daily.

Code: 2165 (60 caps/bottle)

B12-ND™

Dietary Supplement

Probiotic-Derived Formula
Featuring ND Technology™

A Rich, Live Source of Vitamin B12

B12-ND™ is a rich, live source of vitamin B12 in the preferred probiotic-cultured forms. Vitamin B12 supports nervous system

health as well as the formation of blood, fatty acids and nucleic acids. Great support for vegetarians and vegans.

1/4 Teaspoon Contains:

Vitamin B12 119 mcg
(Methylcobalamin, Hydroxycobalamin, Deoxyadenosylcobalamin)

Proprietary Blend: 1.25 mL
Bifidobacterium Species (*breve* ss. *breve*, *infantis* ss. *infantis*, *longum*), Enterococcus Species (*faecalis* TH10), Lactobacillus Species (*brevis*, *acidophilus*, *bulgaricus*, *casei* ss. *casei*, *fermentum*, *helveticus* ss. *jagurti*, *plantarum*), Streptococcus *thermophilus*

Other Ingredients: Purified Water, Organic Alcohol (certified by OTCO)

Recommended Use. Take 1/4 teaspoon mixed in 4 oz of water daily. Shake gently before use.

Code: 2338 (2 fl oz) Amber glass bottle with dropper dispenser

Folic Acid-ND™

Dietary Supplement

Probiotic-Derived Formula
Featuring ND Technology™

A Rich, Live Source of Folic Acid
in End-Chain Forms

This probiotic-cultured formula features live-source folic acid in the preferred end-chain forms. Folic acid is essential for all nucleic acid synthesis and promotes healthy homocysteine levels already within the normal range. This formula features both of the key coenzyme forms of folate, formyl and methyl tetrahydrofolate.

Each Drop Contains:

Folate 137 mcg
as Folic Acid (5 mcg), Formyltetrahydrofolate (70 mcg), Methyltetrahydrofolate (60 mcg)

Proprietary Blend 12 mL
Bifidobacterium Species (*breve* ss. *breve*, *infantis* ss. *infantis*, *longum*), Enterococcus Species (*faecalis* TH10), Lactobacillus Species (*brevis*, *acidophilus*, *bulgaricus*, *casei* ss. *casei*, *fermentum*, *helveticus* ss. *jagurti*, *plantarum*), *Strep. thermophilus*

Other Ingredients: Purified Water, Organic Alcohol (certified by OTCO)

Recommended Use. Take 2 drops mixed in 4 oz. of water daily. Shake gently before use.

Code: 2339 (2 fl oz) Amber glass bottle with dropper dispenser

The "Premier Nutrition Effect"

The human cell has a crystalline matrix, which means it has an ideal resonant frequency. We believe that only nutrients from "once living" sources can sustain the ideal resonant frequency of your body's cells.

When premier quality nutrients (exquisitely well grown, free of toxic tag-alongs) are combined together, their effect can be far greater than the sum of their individual benefits: the "Premier Nutrition Effect." A **quantaceutical™** is a nutraceutical supplement that tests on to all four biofield polarities, thus delivering the "Premier Nutrition Effect" to support optimal health.

Premier Quality Nutrients Without the Risk

Our premier quality guarantee:

- No magnesium stearate, an undesirable oil that can suppress the immune system
- No animal glandulars with toxic tag-alongs and unwanted animal hormones
- No tablets with toxic tag-along binders and fillers
- No excipients - Excipients are highly questionable (often problematic) fillers and binders which are commonly added to nutritional products

ND Technology™ (Nanized Delivery)

Our ND™ formulas are micro-digested into extremely small bioavailable particles using our proprietary fermentation process with unique multi-strain probiotic colonies. This allows rapid cellular delivery and 4-polarity dynamics, unlike any other products.

ND™ formulas are preserved with certified organic alcohol with no detectable pesticide and heavy metal residues (via lab testing). Many people say they can feel the effect the very first time they take it.

These products have been manufactured in an NSF-GMP registered facility. The prestigious NSF symbol signifies that our manufacturing plant has met rigorous NSF quality assurance standards and continues to undergo stringent NSF audits biannually.
