The "Premier Nutrition Effect"

The human cell has a crystalline matrix, which means it has an ideal resonant frequency. We believe that only nutrients from "once living" sources can sustain the ideal resonant frequency of your body's cells.

When premier quality nutrients (exquisitely well grown, free of toxic tag-alongs) are combined together, their effect can be far greater than the sum of their individual benefits: the "Premier Nutrition Effect." A **quantaceutical™** is a nutraceutical supplement that tests on to all four biofield polarities, thus delivering the "Premier Nutrition Effect" to support optimal health.

Premier Quality Nutrients Without the Risk

Our premier quality guarantee:

- No magnesium stearate, *an undesirable oil that can suppress the immune system*
- No animal glandulars *with toxic tag-alongs and unwanted animal hormones*
- No tablets *with toxic tag-along binders and fillers*
- No excipients - *Excipients are highly questionable (often problematic) fillers and binders which are commonly added to nutritional products.*

D₃ Serum

Dietary Supplement
A Rich, Live Source of Natural Vitamin D₃ with No Toxic Tagalongs
Targeted Immune and Cardiovascular Support

Our one-of-a-kind, live-source vitamin D3 delivers premier cardiovascular and immune system support. Vitamin D3 also aids in calcium absorption for healthy bones and teeth. Recent studies propose ideal vitamin D3 intake should be 2,000 IU or more daily (a recommendation our serum meets in just one drop).

Each Drop Contains:

Vitamin D₃ 2000 IU

Other Ingredients: Extra Virgin Olive Oil, Vitamin E (D-Alpha Tocopherol)

Recommended Use: Take 1 drop daily with a meal. To dispense one drop, invert the bottle at a 45° angle until a drop emerges. Not intended for infants.
