

Premier Cardiovascular Support

Enjoy Premier Nutrition Formulas for the Best Quality of Life

Unparalleled Cardiovascular Support

Do you ever take your heart for granted? Your heart is a mighty worker that constantly pumps blood through blood vessels throughout your body, delivering oxygen and nourishment to all parts of your body for your entire life. Some estimate your heart will beat over 2.5 billion times in an average life span.

We are often asked what we would recommend for the **most remarkable and reliable cardiovascular support**. The top three formulas that we routinely and wholeheartedly embrace are: Cardio-ND™, CardioVen™ and Premier B.P. Complex™. **The secret is finally out** – that premier quality nutrition can make the most amazing difference for your circulatory system!

Don't forget to take time to appreciate your hard-working heart and live your life to the fullest.

The "Premier Nutrition Effect"

The human cell has a crystalline matrix, which means it has an ideal resonant frequency. We believe that only nutrients from "once living" sources can sustain the ideal resonant frequency of your body's cells.

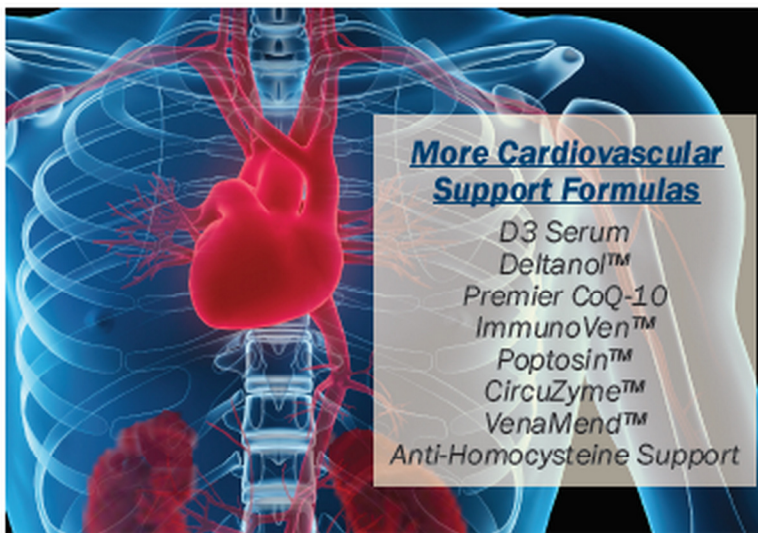

When premier quality nutrients (exquisitely well grown, free of toxic tag-alongs) are combined together, their effect can be far greater than the sum of their individual benefits: the "Premier Nutrition Effect."

A **quantaceutical™** is a nutraceutical supplement that tests on to all four biofield polarities, thus delivering the "Premier Nutrition Effect" to support optimal health.

Premier Quality Nutrients Without the Risk

Our premier quality guarantee:

- No magnesium stearate, an undesirable oil that can suppress the immune system
- No animal glandulars with toxic tag-alongs and unwanted animal hormones
- No tablets with toxic tag-along binders and fillers
- No excipients - Excipients are highly questionable (often problematic) fillers and binders which are commonly added to nutritional products.
