CircuZyme™

Dietary Supplement

Nutraceutical Circulation Formula

Comprehensive Support for Circulation and Associated Nerve, Heart and Arterial Health

This premier nutraceutical supplement is a comprehensive circulation support formula. It promotes healthy microcirculation of blood to peripheral tissues and supports associated nerve, heart and arterial health.

2 Vegetable Capsules Contain:

Proprietary Blend	937 mg
Diosmin (citrus source), Propionyl L-Carnitine, Acetyl L-Carnitine Arginate, L-Arginine Base, Delta-Tocotrienol (total Tocotrienols 1.2 mg, predominantly delta-tocotrienol, 1.0 mg typically), Natto Enzyme Concentrate (fermented), Chrysin, Hesperidine 97% (natural orange extract), Long Jack Extract (100:1) (Eurycoma long), Green Tea Extract (Camellia sin), Camu Camu (fruit) (Myrcaria dub), Cranberry (fruit) (Vaccinium mac), Quinic Acid 6%, White Willow (bark) (Salix alba), Nano-Gest™ (Noni fruit, seed) (Morinda cit), Amylase, Maltase, Apple Cider Vinegar, Protease (Tech-Temp), Protease, Plant-Sources Pepsin, Lipase, Lactase, Invertase, Cellulase, Ecklonia Cava Extract	

Other Ingredients: Stabilized Rice Bran, Vegetable Cellulose Capsules

Recommended Use: Take 2 capsules, 3 times daily.

Code: 2094 (90 caps/bottle)

Deltanol™

Dietary Supplement

Delta-Tocotrienol Complex

Advanced Cardiovascular and Circulatory Support

We call Deltanol™ the 21st century vitamin E. A key part of the vitamin E family consists of four tocotrienols - alpha, beta, gamma and delta. However, it is the delta fraction that has the most significant properties for cardiovascular and circulatory health.

Deltanol™ provides a unique, live-source antioxidant, delta-tocotrienol, that has outstanding free-radical scavenging capability. This product contains superior lipid-based cellular nutrition due to its delta-tocotrienol content (110 mg/soft-gel).

Each Softgel Capsule Contains:

Proprietary Blend	125 mg
Tocotrienol (predominantly delta-tocotrienol [110 mg typically] and gamma-tocotrienol)	

Other Ingredients: Softgel Capsule (Gelatin*, Glycerin, Water)

Recommended Use: Take 1 softgel daily. For special programs recommended by your health practitioner, up to 3 servings may be taken daily. (1 softgel = 1 serving)

*Kosher gelatin

Code: 0164 (60 softgels/bottle)

Ingredient Quality

Our ingredients are purchased solely for quality in terms of purity, potency and premier resonance capacity. They are sourced only from the finest qualified suppliers all over the world, including Europe, South America, India, China, Japan, Malaysia and many other countries.

Because of our rigorous testing, we reject the vast majority of suppliers due to their routine use of pesticides and radiation. Our CEO, Dr. Marshall, has traveled to many countries, ever in pursuit of the elusive pristine quality of nutritional ingredients. For example, he has traveled to the central forests of India to find the best source of noni, to Italy to personally examine aloe plants and to South Africa to study tribal plants. Thus, many PRL suppliers are small families and farming communities in various countries.

Dio-Max™	1,000 mg
Diosmin, Hesperidine (natural orange extract standardized to Hesperidine min. 97%)	
Dio-Pro™	70 mg
Bovine Colostrum (milk derivative), Marine Coral (whole)	

Other Ingredients: Vegetable Cellulose Capsules

Recommended Use: Take 2 capsules daily for the first two months. Then take 1 capsule daily thereafter.

Code: 2095 (60 caps/bottle)

The "Premier Nutrition Effect"

The human cell has a crystalline matrix, which means it has an ideal resonant frequency. We believe that only nutrients from "once living" sources can sustain the ideal resonant frequency of your body's cells.

When premier quality nutrients (exquisitely well grown, free of toxic tag-alongs) are combined together, their effect can be far greater than the sum of their individual benefits: the "Premier Nutrition Effect." A **quantaaceutical™** is a nutraceutical supplement that tests on to all four biofield polarities, thus delivering the "Premier Nutrition Effect" to support optimal health.

Premier Quality Nutrients Without the Risk

Our premier quality guarantee:

- No magnesium stearate, an undesirable oil that can suppress the immune system
- No animal glandulars with toxic tag-alongs and unwanted animal hormones
- No tablets with toxic tag-along binders and fillers
- No excipients - Excipients are highly questionable (often problematic) fillers and binders which are commonly added to nutritional products.

100% Solvent-Free Vegetable Capsules

Our encapsulated products are made with 100% solvent-free vegetable capsules or vegetable-source gelatin caps. These capsules are superior to their solvent-based or gelatin counterparts and ensure a healthier, safer product for our customers. Sadly, other manufacturers often use inferior vegetable capsules (solvent-tainted) as well as tablets and animal-based gelatin capsules, all which can create problems if consumed over time.

By their nature, tablets need glues and binders to hold their ingredients together. Animal-source gelatin capsules are hard to digest, temperature-sensitive and typically contain chemical preservatives in their shell. In contrast, our 100% solvent-free vegetable capsules dissolve rapidly (regardless of temperature) and provide excellent absorption of nutrients.

Ideal Cellular Resonance

The human cell has a crystalline matrix, which means it has an ideal resonant frequency. We believe that only nutrients from "once living" sources can sustain the ideal resonant frequency of your body's cells.
