Premier Daily One

Dietary Supplement

All-In-One Daily Formula

**Premier, Live-Source, Daily Multi-Nutrition
for the Whole Family**

This ideal, daily nutritional formula for the entire family is a once-living phytonutrient formula. This all-in-one supplement provides broad spectrum, natural nutrition delivering a quantum shift in energy, health and vitality - great for daily use by the whole family.

What are the RDAs for this product? Since RDAs (Recommended Daily Allowances) are based on synthetic, isolated nutrients that are recommended in relatively high amounts, it is inaccurate to compare them with a 100% live-source, whole nutrient formula such as Premier Daily One that performs so elegantly well.

We believe that a whole nutrient formula and its entire biocompatible nutritional symphony is priceless in terms of supporting overall health as demonstrated by four-polarity clinical testing. Thus, attempting to measure a live-source formula on the same RDA scale as synthetics is really meaningless.

Each Vegetable Capsule Contains:

Proprietary Blend 516 mg
Sango Marine Coral, Noni (fruit, seed) (*Morinda cit.*), CLA (Conjugated Linoleic Acid, vegetable source), Coriander (leaf) (*Coriandrum sat.*), Chlorella (whole; broken cell wall) (*C. vulgaris*), Green Tea Extract (*Camellia sin.*), Blue Green Algae (whole) (*Aphanizomenon flos.*), Rice Protein, FOS (Fructooligosaccharides), Reishi Extract (fruiting body) (*Ganoderma luc.*), *Coriolus Versicolor* (mycelia, fruiting body), *Hericium Erin.* Extract (fruiting body), Guggul (resin) (*Commiphora mukul*), Olive Leaf Extract (*Olea eur.*), Aloe Vera (inner leaf) (*Aloe barb.*), Bitter Orange (fruit) (*Citrus aurantium*)

ND Technology™ (Nanized Delivery)

Our ND™ formulas are micro-digested into extremely small bioavailable particles using our proprietary fermentation process with unique multi-strain probiotic colonies. This allows rapid cellular delivery and 4-polarity dynamics, *unlike any other products.*

ND™ formulas are preserved with certified organic alcohol with no detectable pesticide and heavy metal residues (*via lab testing*). Many people say they can feel the effect the very first time they take it.
