Enjoy Premier Nutrition Formulas for the Best Quality of Life

Unparalleled Gastrointestinal Support

When people ask if there is one nutritional supplement that we would recommend above all others, we would have to recommend digestive support. In order to adequately digest your food, you must have adequate digestive enzymes, including betaine hydrochloric acid.

Since the typical American eats a diet of mostly cooked foods (i.e. all enzymes have been killed in the heating process), their own enzyme reservoirs are often exhausted at an early age. Nutritional deficiencies of digestive enzymes are extremely common. We have observed **outstanding success for many people** by simply recommending the use of nutritional digestive support at the end of meals. Start supporting your own great digestive health today with **"nutrition that really works"**.

The "Premier Nutrition Effect"

The human cell has a crystalline matrix, which means it has an ideal resonant frequency. We believe that only nutrients from "once living" sources can sustain the ideal resonant frequency of your body's cells.

When premier quality nutrients (exquisitely well grown, free of toxic tag-alongs) are combined together, their effect can be far greater than the sum of their individual benefits: the "Premier Nutrition Effect." A **quantaceutical™** is a nutraceutical supplement that tests on to all four biofield polarities, thus delivering the "Premier Nutrition Effect" to support optimal health.

Premier Quality Nutrients Without the Risk

Our premier quality guarantee:

- No magnesium stearate, an undesirable oil that can suppress the immune system
- No animal glandulars with toxic tag-alongs and unwanted animal hormones
- No tablets with toxic tag-along binders and fillers
- No excipients - Excipients are highly questionable (often problematic) fillers and binders which are commonly added to nutritional products.

These products have been manufactured in an NSF-GMP registered facility. The prestigious NSF symbol signifies that our manufacturing plant has met rigorous NSF quality assurance standards.

Green Tea-ND™

Dietary Supplement

Probiotic-Derived Formula Featuring ND Technology™

Premier Anti-Aging, Digestive, Immune and Rejuvenation Support

Green Tea-ND™ is a revolutionary, highly absorbable delivery system made with our signature probiotic-cultured technology. It provides all the healthy benefits of green tea polyphenols (103 mg per 1/2 tsp) and supports premier anti-aging, digestive function, healthy immune response and rejuvenation support.

Probiotic-generated green tea has strong antioxidant properties that help regulate AGEs (Advanced Glycation End-Products) and also offers remarkable support for joint flexibility. This formula also contains the outstanding nutrient, resveratrol (29 mg per 1/2 teaspoon), for optimal effect.

ND Technology™ (Nanized Delivery)

Our green tea formula is micro-digested into extremely small bio-available particles using our proprietary fermentation process with unique multi-strain probiotic colonies. This allows rapid cellular delivery and 4-polarity dynamics, unlike any other product. Many people say they can feel the effect of this product the very first time they take it.

This formula is preserved with certified organic alcohol with no detectable pesticide and heavy metal residues (via lab testing).

1/2 Teaspoon Contains:

Proprietary Blend	2.5 mL
Green Tea Extract (leaf) (<i>Camellia sinensis</i>), Resveratrol (29 mg/serving), (<i>Polygonum cuscut.</i>), <i>Bifidobacterium</i> Species (<i>breve</i> ss. <i>breve</i> , <i>infantis</i> ss. <i>infantis</i> , <i>longum</i>), <i>Enterococcus</i> Species (<i>faecalis</i> TH10), <i>Lactobacillus</i> Species (<i>brevis</i> , <i>acidophilus</i> , <i>bulgaricus</i> , <i>casei</i> ss. <i>casei</i> , <i>fermentum</i> , <i>helveticus</i> ss. <i>lagurti</i> , <i>plantarum</i>), <i>Streptococcus thermophilus</i>	

Other Ingredients: Purified Water, Organic Alcohol (certified by OTCO)

Recommended Use: Take 1/2 teaspoon mixed in 1/4 cup water or juice, 2 times daily. For special programs recommended by your practitioner, up to 6 individual servings may be taken daily (1 serving = 1/2 teaspoon). Shake gently before use.
