## The HCL Detox Kit for Superior Digestive Support<sup>1</sup>

Whether you are ready to undergo a great detox program or whether you just want to keep and maintain a high level of great health by using digestive superstars, the HCL Detox Kit is the nutritional key of choice.

The insightful medical doctors of the 1930s wrote about the outstanding benefits of HCl. We have found that natural-source HCl, when combined with its botanical complex activator provides **amazing, natural health support of the entire body** via the GI tract – so typically at the core of many people's health awareness – not harming any of your own beneficial flora but targeting and relentlessly cleansing those elusive, undesirable residues. That's why we routinely recommend the HCL Detox Kit.

Welcome to the HCL Kit and its amazing health benefits. Try it, you'll like it – *no, we think you'll love it.*

# The HCL Detox Kit

The HCL Detox Kit is an effective, inexpensive program for cleansing the body. Now you can benefit from this amazing health program and enjoy the added benefits of all natural-source nutrients, free of toxic tagalongs.

Each kit includes: Pr. HCL Activator (1 bottle), Pr. HCL (2 bottles)

As we age, we typically produce less hydrochloric acid (HCl) which reduces our ability to efficiently absorb

nutrients from food. Reduced HCl production affects the amount of protein and calcium we can absorb and can interfere with bone metabolism. Incomplete protein metabolism can imbalance intestinal flora. Premier HCL promotes absorption of nutrients.

Pr. HCL Activator is designed for use with Premier HCL, a natural-source hydrochloric acid, to enhance its detox capacity to promote efficiency of the entire immune system and its extensive role in whole body health.

## Premier HCL

Dietary Supplement

Beet-Derived Hydrochloric Acid

Premier Digestive and Detoxification Support

This formula contains 100% natural source betaine hydrochloric acid, created to assist the body's natural stomach acids in the digestion and absorption of nutrients, especially protein, vitamin B12, calcium, iron and other minerals.

As we age, we typically produce less hydrochloric acid (HCl) which reduces our ability to efficiently absorb nutrients from food. Reduced HCl production affects the amount of protein and calcium we can absorb and can interfere with bone metabolism. Incomplete protein metabolism can imbalance intestinal flora. Betaine hydrochloric acid promotes absorption of nutrients.

Each Vegetable Capsule Contains:

Betaine Hydrochloric Acid (beet-derived) 550 mg

Other Ingredients: Vegetable Cellulose Capsule

Recommended Use: Take 1 capsule after each meal daily, especially cooked meals. For larger amounts of HCl, please consult your practitioner.

Code: 2177 (90 caps/bottle)

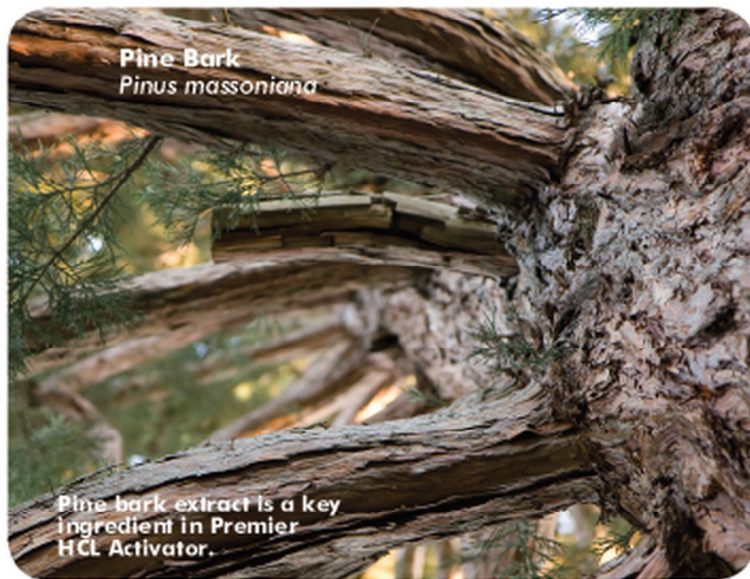

## The "Premier Nutrition Effect"

The human cell has a crystalline matrix, which means it has an ideal resonant frequency. We believe that only nutrients from "once living" sources can sustain the ideal resonant frequency of your body's cells.

When premier quality nutrients (exquisitely well grown, free of toxic tag-alongs) are combined together, their effect can be far greater than the sum of their individual benefits; the "Premier Nutrition Effect." A **quantaceutical™** is a nutraceutical supplement that tests on to all four biofield polarities, thus delivering the "Premier Nutrition Effect" to support optimal health.

Pine Bark  
*Pinus massoniana*

Pine bark extract is a key ingredient in Premier HCL Activator.
