D₃ Serum

Dietary Supplement

A Rich, Live Source of Natural Vitamin D₃ with No Toxic Tagalongs
Targeted Immune and Cardiovascular Support

Our one-of-a-kind, live-source vitamin D₃ delivers premier cardiovascular and immune system support. Vitamin D₃ also aids in calcium absorption for healthy bones and teeth. Recent studies propose ideal vitamin D₃ intake should be 2,000 IU or more daily (a recommendation our serum meets in just one drop).

Each Drop Contains:

Vitamin D ₃	2000 IU
------------------------	---------

Other Ingredients: Extra Virgin Olive Oil, Vitamin E (D-Alpha Tocopherol)

Recommended Use: Take 1 drop daily with a meal. To dispense one drop, invert the bottle at a 45° angle until a drop emerges. Not intended for infants.

Code: 1335 (.5 fl oz) Amber glass bottle with dropper dispenser

Colostrum-21™

Dietary Supplement

Pesticide-Free Colostrum with 21% IgG (Immunoglobulins)
Premier Immune and Stamina Support

Colostrum is a special immune-active fluid secreted by a female cow for about three days after giving birth. Colostrum-21™ is made from 100% whole bovine colostrum that is not defatted and is pesticide-free.

Colostrum-21™ typically contains 21% immunoglobulins (IgG) (750 mg/tsp, 88 mg/cap) for effective immune support. In addition, this concentrate delivers a full spectrum of multiple immune support agents including lactoferrin (22 mg/tsp, 2.65 mg/cap), N-acetylneuraminic acid (39 mg/tsp, 4.6 mg/cap) and IGF-1 (4,025 ng/tsp, 470 ng/cap) [typical amounts].

Our colostrum is obtained from a very select group of dairy farmers dedicated to producing quality colostrum. During the summer, spring and fall, their cows are grass-fed (a superior nutrition source for cattle). During the winter, they are fed hay.

Powder Concentrate

Each Teaspoon Contains:

100% Bovine Colostrum (Whole, Not defatted) (Milk derivative)	3 g
---	-----

Other Ingredients: None

Recommended Use: Take 1 teaspoon, 2 times daily mixed in food or drinks. For special programs recommended by your practitioner, up to 4 individual servings may be taken daily (1 serving = 1 teaspoon). Please refrigerate after opening.

The "Premier Nutrition Effect"

The human cell has a crystalline matrix, which means it has an ideal resonant frequency. We believe that only nutrients from "once living" sources can sustain the ideal resonant frequency of your body's cells.

When premier quality nutrients (exquisitely well grown, free of toxic tag-alongs) are combined together, their effect can be far greater than the sum of their individual benefits: the "Premier Nutrition Effect."

A **quantaceutical™** is a nutraceutical supplement that tests on to all four biofield polarities, thus delivering the "Premier Nutrition Effect" to support optimal health.
