

Premier Probiotic Support

Enjoy Premier Nutrition Formulas for the Best Quality of Life

Unparalleled Probiotic Support

Ideally, probiotics ("good bacteria" or beneficial, friendly bacteria) should be abundantly populating your intestines. However, with rampant nutritional deficiencies in the US and the cuisine of highly heated and chemicalized food, probiotic integrity is often a problem for many people. Although the use of probiotic-rich foods such as fermented foods date back to ancient times, they are little used today.

Thus, the need for **robust, health-promoting probiotic bacteria** is greater than ever. One of the most outstanding ways to promote superior body health is the periodic use of broad-spectrum, multi-culture probiotics. Step up to premier quality formulas for **"nutrition that really works."**

Premier Probiotic Caps

Dietary Supplement

*Full Spectrum, Beneficial Flora
for Gastrointestinal Health*
Non-Dairy Base (milk-free)

Our broad-spectrum, premier probiotic formula (with "good bacteria") promotes healthy intestinal ecology with 12 different viable strains of beneficial flora to support health-promoting intestinal bacteria. Our unique fermentation process uses 95 different natural herbs and barks, cultured for 5 years to produce healthy, mature flora and highly bioavailable nutrients.

Compare with inferior probiotic products:

- Not freeze-dried (hibernating) flora with only 2 or 3 strains of probiotics
- Non-dairy base (milk-free)
- No animal-based ingredients
- Refrigeration recommended (not required)

Each Vegetable Softgel Capsule Contains:

| | |
|--|--------|
| Proprietary Blend | 433 mg |
| 12 Strains of Live Lactic Acid Bacteria: | |
| <i>Bifidobacterium breve</i> ss. <i>breve</i> , <i>Bifidobacterium infantis</i> ss. <i>infantis</i> , <i>Bifidobacterium longum</i> , <i>Enterococcus faecalis</i> TH10, <i>Lactobacillus brevis</i> , <i>Lactobacillus acidophilus</i> , <i>Lactobacillus bulgaricus</i> , <i>Lactobacillus casei</i> ss. <i>casei</i> , <i>Lactobacillus fermentum</i> , <i>Lactobacillus helveticus</i> ss. <i>jagurti</i> , <i>Lactobacillus plantarum</i> , <i>Streptococcus thermophilus</i> | |

Other Ingredients: Mountain spring water, safflower oil, beeswax, lecithin and vegetable softgel (tapioca processed from *Manihot esculenta* root, glycerin, carrageenan and caramel)

Recommended Use: Take 1 capsule, 3 times daily, especially effective between meals.

Code: 2680 (30 caps/bottle)

Code: 2690 (60 caps/bottle) (Large size)

DentaVen™

Dietary Supplement

Probiotic Dental and Gum Formula
Premier Tooth and Gum Support

DentaVen™ provides patented probiotic support for tooth and gum health. This formula features a unique, highly desirable strain of *Streptococcus salivarius* that is able to colonize and beneficially reside in the mouth. It has been shown to be effective for children, ages 5 and up, for healthy tooth and gum support.

Each Vegetable Capsule Contains:

| | |
|--|---------------|
| BUSM18 (<i>Streptococcus salivarius</i>) | 3 billion CFU |
|--|---------------|

Other Ingredients: Xylitol

Contains milk (a trace amount as part of the probiotic process)

Recommended Use: Chew one capsule until it breaks open, then let contents dissolve under tongue. For best results, use after brushing teeth. Avoid drinking or eating for ten minutes after use. Use regularly for healthy tooth and gum support.

Code: 2947 (30 caps/bottle)

The "Premier Nutrition Effect"

The human cell has a crystalline matrix, which means it has an ideal resonant frequency. We believe that only nutrients from "once living" sources can sustain the ideal resonant frequency of your body's cells.

When premier quality nutrients (exquisitely well grown, free of toxic tag-alongs) are combined together, their effect can be far greater than the sum of their individual benefits: the "Premier Nutrition Effect." A **quantaceutical™** is a nutraceutical supplement that tests on to all four biofield polarities, thus delivering the "Premier Nutrition Effect" to support optimal health.

These products have been manufactured in an NSF-GMP registered facility. The prestigious NSF symbol signifies that our manufacturing plant has met rigorous NSF quality assurance standards.

Recommended Use: Take 2 tablespoons daily, mixed in food or drinks.

Code: 2124 (8 oz) Powder

Premier Quality Nutrients Without the Risk

Our premier quality guarantee:

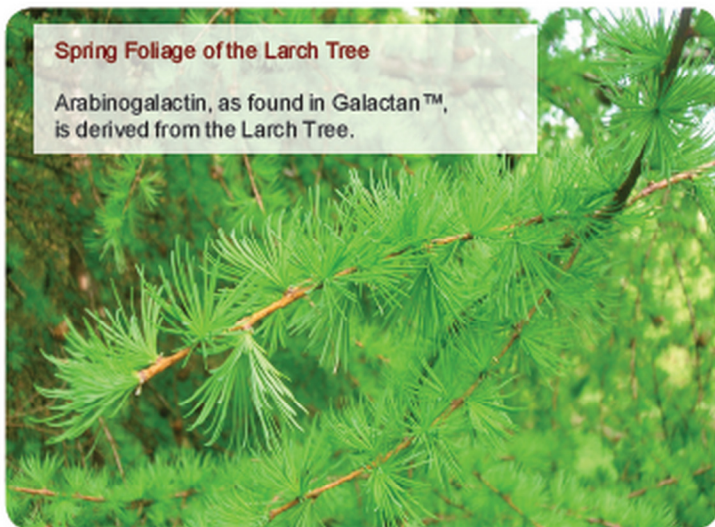

- No magnesium stearate, an undesirable oil that can suppress the immune system
- No animal glandulars with toxic tag-alongs and unwanted animal hormones
- No tablets with toxic tag-along binders and fillers
- No excipients - Excipients are highly questionable (often problematic) fillers and binders which are commonly added to nutritional products.

Product Types

Spring Foliage of the Larch Tree

Arabinogalactin, as found in Galactan™, is derived from the Larch Tree.
