Code: 2551 (90 caps/bottle)

Experience Premier Quality Nutrition

Organ-Gland Targeting

Without Excipients or Animal Glandulars

- Clinically tested, four-polarity nutritional support that provides pinpoint-targeting to specific organs and glands
- No risk of prions from commercial animal organs and glandulars
 - No synthetic hormones or other toxic tag-alongs as can be found in commercial glandulars
 - No preformed arachidonic acid as found in animal glandulars that can promote inflammation

Premier Quality Nutrients Without the Risk

Our premier quality guarantee:

- No magnesium stearate, an undesirable oil that can suppress the immune system
- No animal glandulars with toxic tag-alongs and unwanted animal hormones
- No tablets with toxic tag-along binders and fillers
- No excipients - Excipients are highly questionable (often problematic) fillers and binders which are commonly added to nutritional products.

Vegetable Capsules: The Smart Choice

Vegetable Capsules
The Preferred Delivery System

Tablets
The Poor Man's Capsule

- Nutrients retained in their original form
- No damaging heat or pressure
- No degrading of nutrients
- No rancid oil by-products
- 50% better absorption than tablets
- Easily breaks down in stomach
- No toxic glues, binders, or lubricants

- It takes up to 50,000 pounds per square inch to smash ingredients into a tablet
- Damaging heat and pressure can degrade nutrients up to 25%
- Often creates rancid by-products
- 50% poorer absorption than capsules
- Often seen whole in the toilet
- Liver-toxic glues, binders and lubricants usually not listed on the label
